Textile Dye Stuffs - Production Planned for the Year 1952 :

The Ministry of Chemical Industry planned for 1952 such a production of textile dye stuffs that it would not be almost necessary to import any dye stuffs.

In spite of it Czechoslovakia is still in a high degree obliged to import textile dye stuffs. It has to import especially the following dye stuffs :

Direct dye stuffs,
saturnin dye stuffs,
Azodyes,
Ostanthren dye stuffs,
Indigo dye stuffs,
Ultrazol dye stuffs,
Rapidogens,
Amino dye stuffs,
Acid dye stuffs,
Chromolan due stuffs.

But also some other not mentioned textile dye stuffs must be imported.
